

Design Workshop 3

ENSE 400 with Dr. Tim Maciag

University
of Regina

FACULTY OF ENGINEERING
& APPLIED SCIENCE
Software Systems Engineering

The last few weeks have been BAD! 😊

PMBOK time!

No.	Principle	Description
1	Stewardship	Diligent, caring steward of resources.
2	Team	Foster collaborative project teams.
3	Stakeholders	Engage effectively with stakeholders.
4	Value	Focus on delivering value.
5	Systems Thinking	Recognize and respond to interactions.
6	Leadership	Demonstrate effective leadership.
7	Tailoring	Customize practices based on context.
8	Quality	Build quality into processes.
9	Complexity	Navigate complex challenges.
10	Risk	Optimize risk responses.
11	Adaptability & Resilience	Embrace adaptability.
12	Change	Enable and manage change effectively.

Business Case

BUSINESS CASE

Proposed Project

[At this point, the project is not yet approved, so it may not have its final name or the name may change. The current name or identifier should be included here.]

Date Produced

[The date the Business Case is produced.]

Background

[This section should include information that will help the reader understand the context and background history regarding the potential project. This section should not be written assuming that the background is common knowledge, but instead should be specific in order to create a common understanding of the context.]

Business Need/ Opportunity

[This section should demonstrate the business need or opportunity that the proposed project will address.]

Options

[This section documents the potential approaches to complete the project There is always a minimum of two options: perform the project or do nothing.]

Cost-Benefit Analysis

[This section contains the detailed costs and benefits of each option listed in the previous section. The costs may include considerations such as financial expenditures, the amount of time required, possible risks, and the potential for reduced quality. The benefits may include the potential of increased sales, market share, and brand recognition and the reduction of errors and ongoing costs. Each option should be clearly identified and listed separately.]

Recommendation

[This section contains the recommended option from the previous section.]

Project Charter

PROJECT CHARTER

Project Name

[This section contains the project name that should appear consistently on all project documents. Organizations often have project naming conventions.]

Date Produced

[The date the Project Charter is produced.]

Project Goals

[This section defines what the project will achieve and how it supports the goals of the organization.]

Project Objectives

[This section defines the specific outcomes that are required to achieve the project goals.]

Project Budget

[This section contains the funds available for the project.]

Project Sponsor

[Name of project sponsor and job title.]

Project Manager

[Name of project manager and job title.]

Additional Key Project Stakeholders

[The names of key stakeholders that are known at this point in the project, including their job title or project role.]

Overall Project Milestones

Dates

[A list of the key milestones that are known at this point in the project.]

[Milestone dates.]

Overall Project Risks

[A list of the overall risks that are known at this point in the project.]

Stakeholder (User) Analysis & Plan

STAKEHOLDER ANALYSIS

Project Name

[This section contains the project name that should appear consistently on all project documents. Organizations often have project naming conventions.]

Name

Project Role

Power

Interest

Level of Support

[Name of the person or group.]

[Project role/title or the reason that they are a stakeholder.]

[High/
Low]

[High/
Low]

[Supportive/
Neutral/
Unsupportive]

STAKEHOLDER MANAGEMENT PLAN

Project Name

[This section contains the project name that should appear consistently on all project documents. Organizations often have project naming conventions.]

Name

About the Stakeholder

Plan

[Name of the person or group.]

[Background and characteristics of the stakeholder.]

[Details the approach to be taken to build an effective relationship with the stakeholder.]

Project Requirements

PROJECT REQUIREMENTS

Project Name

[This section contains the project name that should appear consistently on all project documents. Organizations often have project naming conventions.]

Functional Requirements

[This section should list the functional requirements for the project including any features or properties of the project's outcomes.]

Technical/Performance Requirements

[This section should list the technical requirements for the project (e.g., the required technology infrastructure) and any performance requirements (e.g., the minimum response time).]

Project Scope

PROJECT SCOPE STATEMENT

Project Name

[This section contains the project name that should appear consistently on all project documents. Organizations often have project naming conventions.]

Project Deliverables

[High-level deliverable from the WBS is listed here.]

[Work package listed here.]

[Describe this work package in as much detail as possible.]

[Work package listed here.]

[Describe this work package in as much detail as possible.]

Planning Sprint Board Alpha Roadmap My work Features Priority By person Status Board By status By Sprint Done

Filter by keyword or by field

Not Started 19 Estimate: 37

- planning-tracking-demo #810 Beta go-no-go meeting
- planning-tracking-demo #800 Save score across levels
- planning-tracking-demo #784 Interviews with media outlets epic
- Draft Enable for teams
- planning-tracking-demo #1161 tweak difficulty
- planning-tracking-demo #1167 Update README.md
- Draft Prevent the Konami code from bringing down all of GitHub

+ Add item

Planning 19 Estimate: 109

- planning-tracking-demo #823 Updates and bug fixes to engine from Beta bug demo
- planning-tracking-demo #824 Beta signup page need help
- planning-tracking-demo #806 [Tracking] Upsell / Growth experience backlog feature
- planning-tracking-demo #818 Account subscription design
- planning-tracking-demo #828 Acquire domain for launch
- planning-tracking-demo #832 Final creative shots from game
- planning-tracking-demo #829

+ Add item

Building 8 Estimate: 40

- planning-tracking-demo #1160 Update documentation
- planning-tracking-demo #814 Updates to collision logic enhancement
- planning-tracking-demo #816 Free and paid levels need help
- planning-tracking-demo #831 Documentation and Support need help
- planning-tracking-demo #821 Updates to alien, beam, bomb and cannon sprites #370
- planning-tracking-demo #802 Updates to velocity of the ship and alien movements

+ Add item

Review 5 Estimate: 17

- planning-tracking-demo #822 Hero site - Development #12 #1160 in-review task urgent
- planning-tracking-demo #808 General bug fixes from Alpha feedback #992
- planning-tracking-demo #1151 Design new launch screen #374 web
- planning-tracking-demo #793 Polished alien, beam, and cannon sprite files
- planning-tracking-demo #1101 [Tracking] Integrate payments system backlog feature
